

### Introduction

Our firm, Roseman Wagner Wealth Management, is an investment adviser registered with the Securities and Exchange Commission. We feel that it is important for you to understand how advisory and brokerage services and fees differ in order to determine which type of account is right for you. There are free and simple tools available to research firms and financial professionals at [www.investor.gov/CRS](http://www.investor.gov/CRS), which also provides educational materials about investment advisers, broker-dealers, and investing.

### What investment services and advice can you provide me?

We are a registered investment adviser that offers investment advisory services including Wrap Comprehensive Portfolio Management to clients. If you open an advisory account with our firm, we'll meet with you to understand your current financial situation, existing resources and objectives. Based on what we learn, we will recommend a portfolio of investments that is monitored at least weekly, and if necessary, rebalanced to meet your changing needs and goals. We will offer you advice on a regular basis and contact you at least annually to discuss your portfolio.

We manage accounts on a discretionary basis. After you sign an agreement with our firm, we're allowed to buy and sell investments in your account without asking you in advance. Any limitations will be described in the signed advisory agreement. We will have discretion until the advisory agreement is terminated by you or our firm.

Our firm requires a minimum account balance of \$1,000,000 to open and maintain an account for our Wrap Comprehensive Portfolio Management service. This account requirement is negotiable in certain circumstances. When determining minimum account size requirements, we take into consideration the fact that a client's household may have multiple accounts.

Financial Planning is included in our Wrap Comprehensive Portfolio Management service for no additional fee.

*Additional information about our advisory services is in Item 4 of our Firm Brochure and Item 5 of our Wrap Brochure, which are available online at <https://adviserinfo.sec.gov/firm/summary/148221>.*

#### Questions to Ask Us:

- Given my financial situation, should I choose an investment advisory service? Why or why not?
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education and other qualifications? What do those qualifications mean?

### What fees will I pay?

You will be charged an ongoing quarterly fee based on the value of the assets in your account. Our Wrap Comprehensive Portfolio Management fee schedule ranges from 0.50% to 1.50% depending on the value of the assets in your account. The more assets you have in your advisory account, the more you will pay us. We therefore have an incentive to increase the assets in your advisory account in order to increase our fees. Our firm's fees will be automatically deducted from your advisory account, which will reduce the value of your advisory account.

We do not charge performance fees to our clients, other than Roseman Wagner Partners, L.P. (the "Fund"). In general, the Fund allocates a portion of its investment profits (generally 20%) to a related GP LLC of our firm.

The broker-dealer that holds your assets may charge you a transaction fee when we buy or sell an investment for you. However, we pay the broker-dealer's transaction fees charged to you for our Wrap Comprehensive Portfolio Management service. You may also pay charges imposed by the broker-dealer holding your accounts for certain investments and maintaining your account. Some investments, such as mutual funds, index funds, and exchange traded funds charge additional fees that will reduce the value of your investments over time.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

*Additional information about our fees is in Item 5 of our Firm Brochure and Item 4 of our Wrap Brochure, which are available online at <https://adviserinfo.sec.gov/firm/summary/148221>.*

**Questions to Ask Us:**

- Help me understand how these fees and costs may affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs and how much will be invested for me?

**What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?**

*When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice, we provide you. Here are some examples to help you understand what this means:*

We can make extra money by advising you to invest in certain investments, such as the Fund, because they are managed by someone related to our firm.

Some of our firm’s financial professionals are registered representatives of Silver Oak Securities, Inc. (“Silver Oak”), an unaffiliated broker-dealer. Your financial professional may offer you brokerage services through Silver Oak or advisory services through our firm. Brokerage and advisory services are different, and the fees our firm and Silver Oak charge for those services are different. Registered representatives charge a transaction-based commission each time they buy or sell a security in a brokerage account. As a result, they have an incentive to trade as much as possible in order to increase their compensation. You can learn more about Silver Oak’s brokerage services and fees at <https://silveroaksecurities.com/>.

Our firm’s financial professionals include licensed insurance agents who sell insurance products for a commission. They have an incentive to recommend insurance products to you in order to increase their compensation.
